Ezekiel

Has God ever let you down? Ezekiel and the deportees from Judah in Babylon felt that God had failed them by allowing them to be taken captive. They prayed for Him to remedy the situation, yet wondered if God had the power to do what they wanted. Appearing to Ezekiel, God tells him to bring messages to the exiles of His absolute power and the reason why He has decided to put them in exile...but also of future hope when their descendents will receive answers to their prayers and much, much more. From Ezekiel's messages, we can learn much about personal suffering and perseverance when God does not "behave" the way we want.
